Chapter Spotlight

MICHIGAN STATE UNIVERSITY

College of Veterinary Medicine

This past fall, our SVECCS chapter was chosen to receive the Education Grant, and this made the first ever MSU SVECCS Emergency and Critical Care Day Conference possible! We held the conference on 11/9/24 off campus at a local venue. This conference aimed to provide students with a deeper-dive into common ECC topics while able to network with potential future externship, internship and career opportunities. We had around 100

students in attendance, and they were served food and drinks throughout the day while given the opportunity to meet and mingle with local, Michigan-based ER/ECC facilities to network and discuss future opportunities. Throughout the day, there were 5 hours of lectures on common ECC topics that are not specifically covered in depth in our curriculum. We had great feedback from attendees, speakers, and outside guest hospitals with numerous comments on continuing this event in the future. The SVECCS e-board hopes to make this an annual event. This would not have been possible without the SVECCS Education grant, thank you!
